More classes coming!

This class is suitable for the total beginner or for those who want to brush up on some basic concepts. Learn important principles of drawing in a comfortable, supportive environment. Topics such as, negative and positive space, light and shade, composition, perspective and linear drawing will be covered. Students will draw from a still-life and any objects they wish to bring in. Whatever style you like, from realism to abstraction, these basic concepts will help you achieve your goals. These are small, personalized classes. Guidance will be tailored to your individual need. Enjoy learning and creating in this fun class!
